- 1) Colour the parts of the puppets.
- 2) Cut around the outside of the parts of the puppets and carefully cut along the dotted line making sure not to cut the middle part where there is no line.
- 3) Bend the strip of paper under the dotted line around your finger and slot the notches together.
- 4) Use pink string to add a tail to Boxton, the rat and black wool to add arms and legs to Vlad, the flea.
